

Digital Learning Day Checklist for Success

Digital Learning Day is on **February 28** and we can't wait to celebrate. Before our exciting celebration and grade-level typing challenge launches, check out our Digital Learning Day Checklist for Success to prepare for the big day and have some fun!

Map It Out

Click [here](#) to view the official Digital Learning Day map for 2019. Plus, plan your celebration activities including our Keyboarding Without Tears® virtual typing challenge!

Stay Hydrated

To compete to win you've got to take the necessary steps to prepare for the big day. Keep to one of the most popular New Year's resolutions and make sure to consume lots of H₂O. Practicing keyboarding can be hard work, so it's important to stay hydrated!

Sharing Is Caring

Ask fellow colleagues about their plans for Digital Learning Day and make sure to challenge them to a typing duel! There's room for everyone in the Keyboarding Without Tears virtual typing challenge with grade-level appropriate activities for developmentally appropriate competition!

Stretch

Finger yoga is a thing...google it. Whether you're a teacher and want to add some stretches to your busy day or want to help your students let off steam, stretching is beneficial for everyone and can help your students get ready for the competition.

Get Social

Follow [@OfficialDLDay](#) and the Learning Without Tears™ Facebook [@LWTears](#), Twitter [@HWTears](#), and Instagram [@lwtears](#) to stay up to date with all the fun and activities you can participate in on [#DLDay](#).

Have Fun

Most importantly, have fun! You don't have to wait until the big day to practice typing with fun and engaging lessons in the classroom. Check out our [FREE](#) keyboarding [demo](#) now and try out one of our Spot Check Challenges. You'll soon see why what some might call "practice" feels a lot more like play.

Tech Check

Make a checklist to ensure you have everything you need for Digital Learning Day and our virtual typing challenge. It doesn't hurt to have a backup plan just in case you get a visit from the blue screen of death on your computer.
