

Handwriting Without Tears®

by Learning Without Tears

Our award-winning Handwriting Without Tears second grade curriculum features developmentally appropriate, multisensory activities for printing and cursive that make handwriting easy to teach and easy to learn.

Our program includes:

- **NEW!** Digital teaching platform for handwriting instruction
- Workbook and teacher's guide for print or cursive
- Engaging activities that teach letter and number formations
- Lessons with interesting, cross-curricular connections
- Developmental teaching order
- Strategies aligned to learning standards

Handwriting Reimagined

□ HITT: The Handwriting Interactive Teaching Tool™

We've reimagined handwriting instruction to align with evolving digital classroom standards. HITT is a one-stop, digital teaching platform for presenting handwriting instruction with features that include:

- Digital workbook and teacher's guide
- Multimedia options for teaching digital letter and number formations, animations, music, and instructional videos
- Access to cross-curricular connections, supplemental lessons, and downloads
- Compatibility with any interactive whiteboard or projector

New!

□ Multisensory Tools

Our second grade handwriting curriculum includes interactive, multisensory tools to promote differentiated learning. Our hands-on tools teach grip, capital letters, lowercase letters, and number formation.

□ Bundles

Bundle to save on time and cost! Our second grade bundle includes:

- *Printing Power* or *Cursive Kickoff* student workbook
- *Writing Journal C*
- *Building Writers C* student workbook
