

Handwriting Without Tears®

by Learning Without Tears

Our award-winning Handwriting Without Tears third grade curriculum features developmentally appropriate, multisensory activities for cursive that make handwriting easy to teach and easy to learn.

Our program includes:

- **NEW!** Digital teaching platform for handwriting instruction
- Engaging activities that teach letter and number formations
- Lessons with interesting, cross-curricular connections
- Developmental teaching order
- Strategies aligned to learning standards

New!

Handwriting Reimagined

□ HITT: The Handwriting Interactive Teaching Tool™

We've reimagined handwriting instruction to align with evolving digital classroom standards. HITT is a one-stop, digital teaching platform for presenting handwriting instruction. The HITT features include:

- Digital workbook and teacher's guide
- Multimedia options for teaching digital letter and number formations, animations, music, and instructional videos
- Access to fun, cross-curricular connections, supplemental lessons, and downloads
- Compatible with any interactive whiteboard or projector

□ Multisensory Tools

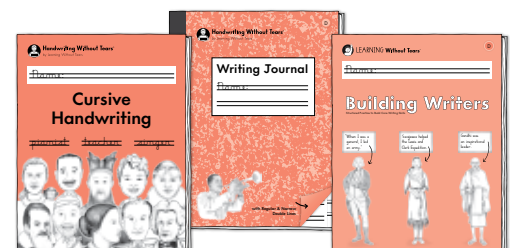

Our third grade handwriting curriculum includes interactive, multisensory tools to promote differentiated learning. Our hands-on tools teach grip, capital letters, lowercase letters, and number formation.

□ Bundles

Bundle to save on time and cost! Our third grade bundle includes:

- *Cursive Handwriting* student workbooks
- *Writing Journal D*
- *Building Writers D* student workbook
